Offers an exclusive relaxation oasis in any setting of natural beauty. Draped in romantic sheer curtains and flanked with Roman drawn privacy panels, it features an oversized parasol canopy with double tiered vent. This removable canopy draws more shade with its deep valance and invites visitors to gather around and "loungue". Constructed with TUUCI'S exclusive "polished titanium" armor wall aluminum frame and stainless steel and aluminum components, the MERCURY features Sunbrella® cushions and bed coverings with sheer privacy curtains. For more information, see tuuci.com
