

vineyard - fiberflex classic

essential parasols

This parasol is inspired by the wind-swept ocean and desert landscapes of the Baja Peninsula. TUUCI has incorporated flexible fiberglass struts, aptly named "FIBERFLEX", which absorb punishing wind conditions, sudden gusts and corrosive salt air environments. Along with TUUCI's patented independent bracket system and our sturdy Dura-TEAK mast, this parasol is guaranteed to last for years.

TUUCI

features:

- a. Copper Triton Polymer Finial
- b. Copperstone Delrin Hub System
- c. Patented Independent Bracket System
- d. Reinforced Screw Pocket Construction
- e. Solid 1/2" Fiberglass Reinforced Ribs
- f. Dura-TEAK Mast
