HIGH-PERFORMANCE MARINE TOPS

precision designed for high performance

Find shade relief on your vessel without sacrificing performance. The new Shade Blade from TUUCI is the ideal complement to your boat and is made from top quality, marine-grade components. It won't bend or flex and can withstand winds up to 50 mph.

open air shade utility

The Shade Blade has been precision-engineered and handcrafted for ultimate open air access on the water.

tuuci shade blade

Shade, exactly how you want it

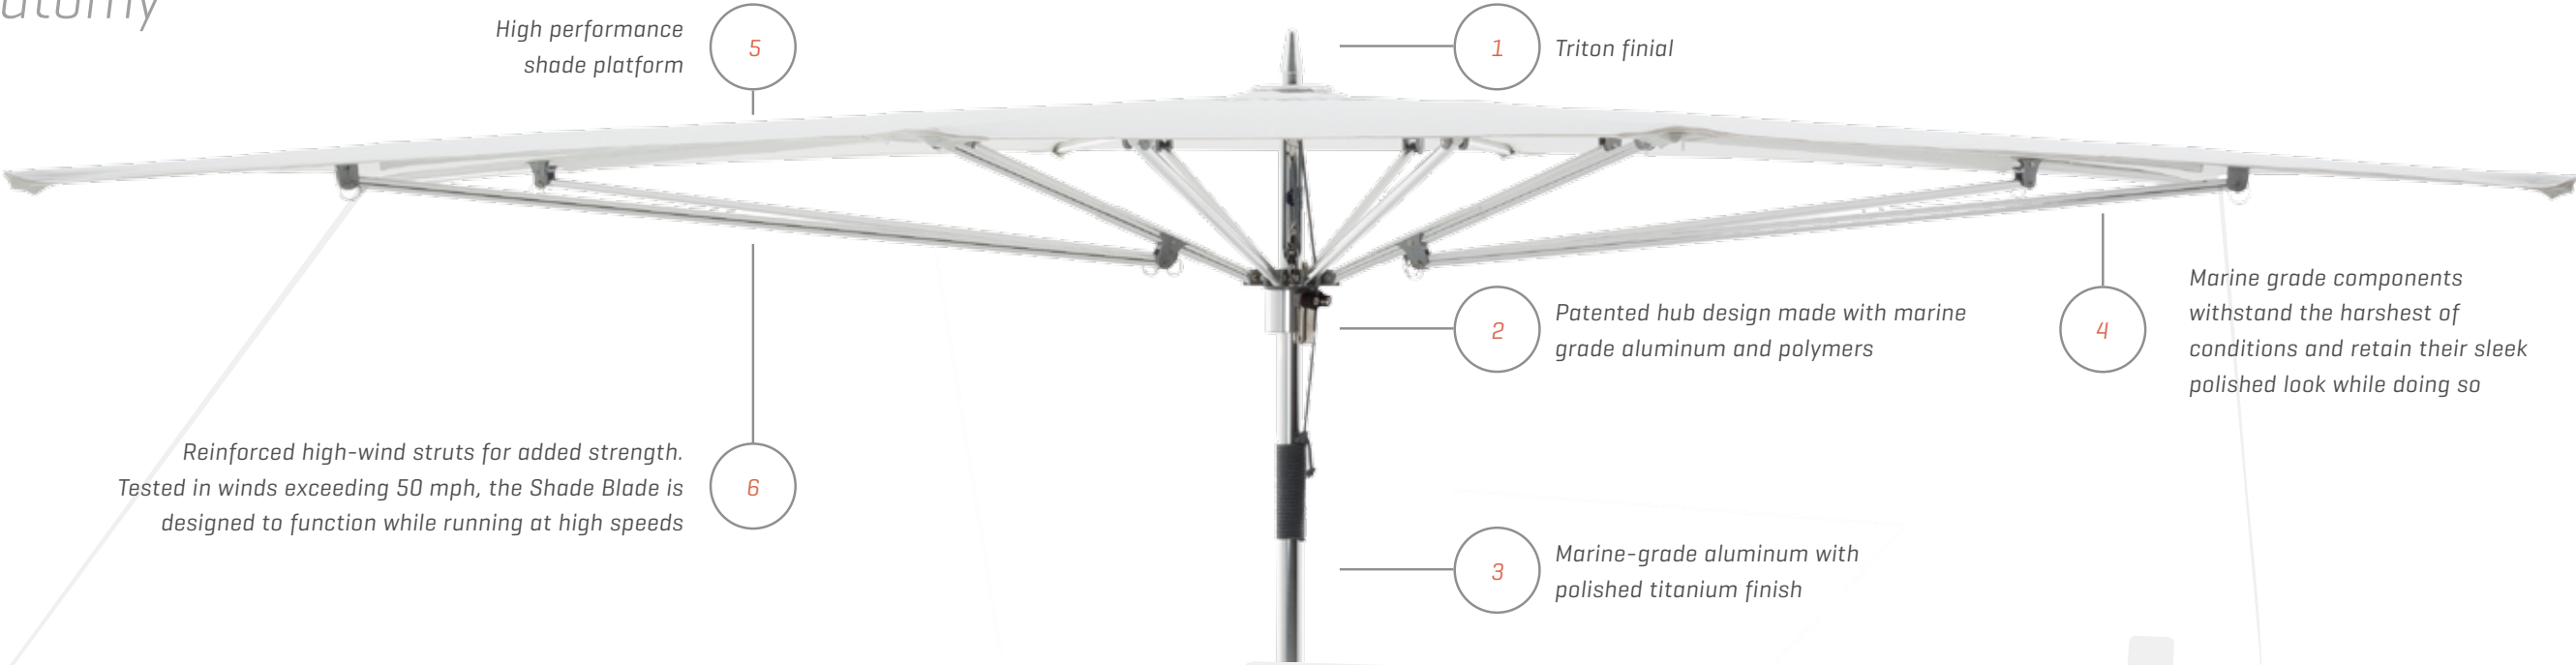

Built for high-performance use while running full speed, at anchor or moored in a marina, these collapsible shade platforms deploy in mere seconds.

The Shade Blade features:

- Patented Independent Bracket Hub System
- V-Max Reinforced Strut Design
- Reinforced Ribs
- Marine Grade Aluminum Components
- High Tension Support Straps
- Ballistic Reinforced/Screw Pocket Construction
- Easily Replaceable Parts
- Carrying Case
- Mounting Kit included

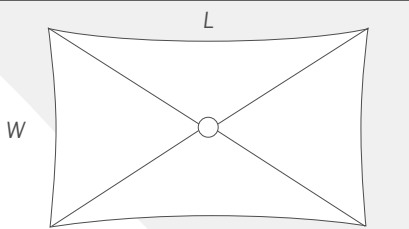

Assemble the Shade Blade in minutes using included mounts, supports and straps. All you need is a drill.
